Vision of Our Mentor

Dr. S.M. MISKEEN, B.Com., FCA., Ph.D.,
(1929 - 2021)

“Education is an important input both for the growth of the society as well as for the individual. Properly planned educational input can contribute to increase in the gross national products, cultural richness, build positive attitude towards technology and increase efficiency and effectiveness of the governance. Education opens new horizon for an individuals, provides new aspirations and develops new values. It strengthens competencies and develops commitment. Education, generates in an individual a critical outlook on social and political realities and sharpens the ability to self-examination, self-monitoring and self-criticism”.

With this mission, we have established Rabiammal Ahamed Maideen College for Women to offer PG, UG and Diploma courses approved by the Bharathidasan University, Tiruchirapalli.

பெண்களுக்கு கல்வி என்பது இன்று வரை வெறும் பெயரளவில் மட்டுமே உள்ளது. திருமணத்திற்காக மட்டுமே பெண்களுக்கு கல்வி என்பது பெற்றோர்களால் கடைபிடிக்கப்படுகிறது. ஆனால் பெண்களுக்கு கல்வி என்பது சமுதாயத்தில் ஒரு பெண்ணை பெரும் மதிப்பிற்கு உரியவளாக மாற்றுவதாகும். பெற்றோர் இல்லாத காலத்திலும் இரண்டாம் பெற்றோராக இருந்து ஒரு பெண்ணை பாதுகாப்பது அவளுக்கு பெற்றோர் கொடுக்கும் கல்வி மட்டும் தான்.

ABOUT OUR COLLEGE

Our college was established with a humble beginning in Tiruvarur in July 1999, at a time when there was no college exclusively for women in this region. As a result, girl students were unable to pursue higher education. The institution was founded to fill this gap and to provide better opportunities for higher education to young women from rural and semi-urban areas. From its inception, the college has upheld a secular outlook in its vision, activities, and approach. Over the past 26 years, it has grown significantly in value, vision, and strength, reflecting our nation's ideological identity of unity in diversity. Every student is taught that education is not a privilege but a fundamental right.

The college has earned the trust and goodwill of the rural community through its excellent academic environment and equal opportunities in learning and research. A more than 90% of students who are from villages are first-generation learners belonging to agricultural families. Recognizing this, the college provides high-quality education at an affordable cost. The college ensures parental care, protection, and security for students within the campus. The campus offers a safe, panoramic, and conducive environment, especially suitable for girl students. The institution is equipped with spacious classrooms, an auditorium, a well-stocked library, a prayer hall, and a vast playground. The college offers undergraduate programs in fourteen disciplines and postgraduate programs in eight disciplines, including an MBA. Research programs are available in Commerce and Biochemistry. Regular seminars, workshops, outreach activities, Extension programmes, industrial visits, guest lectures, and startup stalls are conducted to encourage students to enhance their knowledge.

“OUR MOTTO IS TO BREED BETTER CITIZENS”

The college has well-equipped laboratories for departments such as Computer Science (including AI & ML and Data Science, along with a newly established Robotics Lab), Biochemistry, Physics, Nutrition and Dietetics, Biotechnology, M.Sc., AI & ML (to be introduced in the academic year 2026–2027), D.M.L.T., and Fashion Technology, and also a Language Lab that supports students in enhancing their communication skills through audio-visual learning. The digital library houses a large collection books, e-books, journals, magazines, and newspapers, and is actively utilized by both students and faculty members. Bridge courses are conducted for first-year students to introduce them to higher education. The institution also arranges leadership training and skill development programs for both students and faculty members. The college strictly prohibits the collection of capitation fees in any form. Ragging is completely banned, and a mentor-mentee system is in place to provide academic and personal guidance to students.

Alumni meet are regularly conducted and are well-attended, providing current students with insights. Based on our founder's motto "We Breed Better Citizens," we conduct college union election for students to mould them into socially responsible citizens through a democratic process by secret ballot, ensuring fairness and transparency. Students are given ample opportunities to develop leadership qualities and are encouraged to participate in extracurricular activities that contribute to civic, cultural, social, and moral development. The institution fosters a culture of unity, where students learn to live together as a family, free from discrimination based on caste, creed, race, or religion. Through value-based education, they uphold the secular ideals of our nation and build bonds of friendship, mutual respect, and fellowship. The motto of our college is: "WE BREED BETTER CITIZENS," guided by the values of Humanism, Patriotism, and Secularism."
